CHRISTMAS CARDS

Children are able to bring in Christmas cards for their friends this year if they wish, however there is guidance provided by the Health Protection Hub that we all need to follow closely:

- * All cards will need to come into school by **Friday 11th December 2020**
- * Envelopes **must not** be sealed
- * They will be placed in a central location in school and be isolated for 72 hours
- * After the isolation period, staff will share them out
- * Cards will be placed in the children's bags and they will have to wait until they are home before they are opened

(We can provide a class list of first names upon request).

We have also been asked if we are able to receive staff gifts. Yes we are, and the above guidance will also apply.

Thank you for your co-operation.
