

Hello everyone and welcome to another week of adventures from the hub. It has been another great week filled with lots of hard work and smiles.

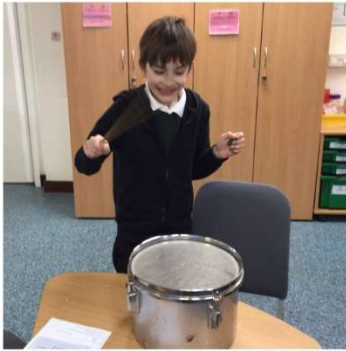

## Science

# Science

This week we have been finding out all about volume.

We have discovered that louder sounds are produced by creating bigger vibrations.

PIC • COLLAGE

## Computing

In Computing, we have been learning how to program a microbit. Over the next few weeks, we will be using what we have learnt to create our own virtual pets.

## PE

In PE, we have been working with Coach Lincoln and Miss Pitchford to develop our ball passing skills.

A special well done this week to *George* who received a *Hat of Brilliance* in his link class for his amazing understanding of key vocabulary.

*Have a great weekend everyone!*

*We will be back with more news next week.*
