

Literacy

Class 10

In Literacy, we have read chapter 8 of 'The Snow Queen'. The children have written a description of the Snow Queen's castle using colourful semantics to support their writing. They have worked hard to solve word puzzles and have used these words to create their own sentences.

In Storytime, the children have listened to 'Pumpkin Soup' by Helen Cooper.

Numeracy

In Numeracy, the children have continued to develop their understanding of measurement. Some children have used non-standard units to measure objects around the classroom. Other children have measured in centimetres and metres and have solved problems by finding the difference. Some children have worked hard to calculate number bonds to 10.

PSHE

In PSHE, the children have continued to explore our new topic: Healthy Me. They have been learning about things, people and places that could be a danger to them. The children have looked at a range of pictures showing an emergency and have thought carefully about which emergency service to call. They have also practised dialling '999' and have participated in a roleplay activity.

Topic

This week, the children have continued to enjoy our topic: Buildings. They have been learning about old and new houses and have completed a sorting activity. The children have also enjoyed learning about buildings from around the world. They have looked carefully at the style of traditional buildings in China and have produced lovely drawings.

R.E

In R.E, the children have listened to the story of Palm Sunday. They have answered questions and have produced drawings to retell the story.

Have a lovely weekend!
