

Class 6

28.03.25

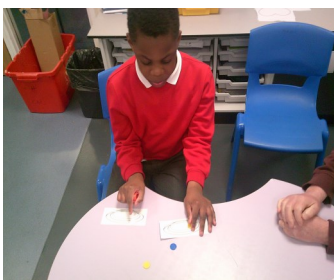

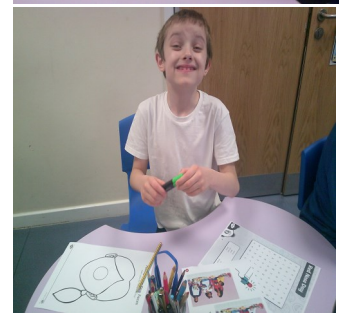

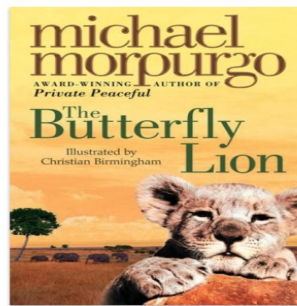

The children in Class 6 have had a fantastic week.

In numeracy, the children have started a new topic based on division. The class have been dividing objects into two, three, four and five equal groups.

In literacy, the class have been making a range of Mother's Day crafts and in SPAG, the children have answered questions about a fictional 'Great Fire of London' story.

In Topic, the children have continued to work on their topic based on chocolate. The children made their own chocolate bars with a variety of fillings.

This week the children have finished listening to *The Butterfly Lion* by Michael Morpurgo. The children liked hearing about Bertie's war heroics and how he found his 'White Prince' once again after so many years.

Have a great weekend!
