

27.6.2025

Class 11

We had a fantastic time this week in our French café, we made sandwiches and had chocolate cake. We used our French vocabulary to order what we wanted and say please and thank you.

We have been using our colourful semantics resources to help us write silly sentences with our friends.

In our target time we have been adding in some more opportunities to work as a team and share.

In story time we read The Whale who wanted more and thought about the things we are lucky to have.
