

# Class 14

5.9.25

What a fantastic first week back we have had in Class 14! The children have settled back

into their new routine really well and have enjoyed getting to know their new friends and the adults in class. The children have chosen books from the school library for us to read as a class, we have been doing arts and crafts to decorate the classroom and we used the VR headsets!

## Topic

We had a special visit this week from the adults at the Explorer Dome as the entry point to our first Topic - How Humans Work. The children really enjoyed the immersive experience of learning about the digestive system.

We also thought about what we already know about the human body. The children drew round one person in their group and labelled the internal and external parts of the body that they knew.

Don't forget!

Class 14 will have P.E. on Thursdays this half term. All children need a full P.E. kit in school including trainers/pumps for outdoor lessons

We will also be Swimming every Wednesday starting next week - Wednesday 10th September
