

# Class 6

12.09.25

The children in class 6 have had a fantastic second week back.

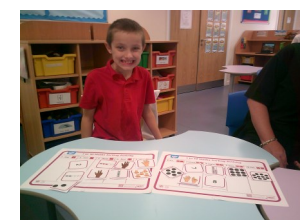

In numeracy, the children have continued with their new topic on place value. The children have been identifying numbers up to 5, 10, 20, 50 and 100. In addition, the children have been playing a range of interactive whiteboard games to deepen their knowledge.

In literacy, the class have started to read their new text, 'Theseus and the Minotaur'. The children have been learning about myths and they have used a range of adjectives to describe the character of the Minotaur.

This week the children have been listening to 'The first Hippo on the Moon' by David Walliams. The class enjoyed listening to the adventures of Sheila as she prepared herself to be the first hippo on the moon.

In topic, the children have continued with their new topic, 'How Humans Work.' This week, the children have been learning about different parts of the body, especially the eyes.

If parent's are dropping and collecting their children from the school entrance please use the pathway at the side of the car park due to the frequency of the moving buses.

Have a great weekend!
