# Class 11

We have had a great week in class 11. Everyone is settling in well to the new routines. We have had PE in the hall. We have been exploring lots of different sensory activities. We have played phonics and maths games. We have been enjoying eating snack together as a class and spreading our own toast. In our literacy lessons we have been reading Monkey Puzzle and thinking about the characters feelings. In topic we have started thinking about different animals and plants and next week we are going to start growing some plants ourselves.

Polite reminder— for safety can we please ask parents / carers to walk along the path behind the railing and not across the car park when collecting and dropping off children , thank you
