Welcome

Hello and welcome to another busy week at the Hub!

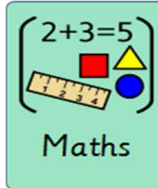

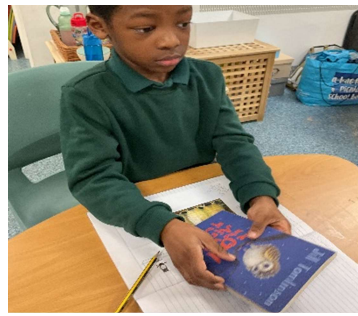

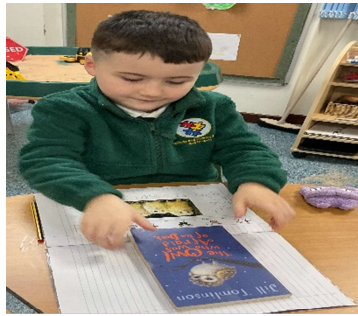

This week, we are extremely proud of the children for the way they have successfully embraced 'linking'. Linking, is when the children join their mainstream classrooms and learn alongside their peers. With support, and where appropriate, all children have joined in with a range of different lessons that reflect their personal interests and learning preference. These lessons have included, Forest school, P.E, Art, Music, Science, Geography and History.

Haughton Hubs

at Hollinswood Primary School

In reading, the year 2 children have excitedly started a new reading programme called 'Reading Master'. They started the session by exploring the features of their first chapter book, and shared what they already know about owls, before reading about Plop, the main character in the story.

In addition to this, the children have continued to identify 3D shapes by their properties. Investigating shapes that roll, and shapes that don't, before building a structure. The children used their knowledge of shape to find out what shapes were best for building and how the faces, vertices and overall shape added to their structures. While others have recapped the properties of 2D shapes before creating a repeating pattern.

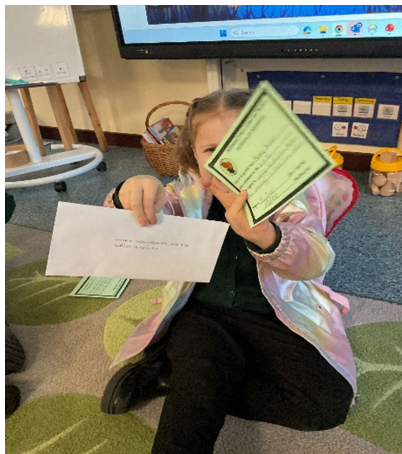

This week the children took part in a Seven Trent Water assembly. They listened to the 'Three P's song' all about saving water and how to use it. The children really enjoyed learning about only flushing three things down the loo. These are... Toilet Paper, Poo and Pee.

Finally, all the children received a 'Head Teacher's Award' in the whole school celebration assembly. Mrs Osbourn praised the children for their resilience and success with linking and learning along side their peers. Well done, Guys! Well done to Avery and George's family for winning the Circus Tickets. We hope you have an AMAZING time and we look forward to seeing all your lovely photos.

Thank you for all

your

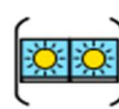

hard work!

Have a

fabulous

weekend!
