

Class 8

27.3.26

Literacy

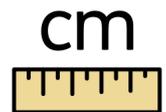

In literacy we have continued reading our story *Wind in the Willows* and have been reading facts about toads and answering a range of questions. We have also listened to information about the life cycle of a toad and had lots of fun mapping out each stage in a fun and creative way. We have also used a range of adjectives to describe the different parts of Mr Toad's caravan.

Numeracy

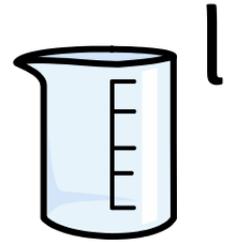

In Numeracy some of us have continued working on length and height. We have been:

- ◆ Comparing lengths or heights
- ◆ Measuring length or height using objects
- ◆ Measuring length in centimetres

Some of us have continued working on mass and capacity and have been:

- ◆ Measuring capacity and volume in millilitres and litres

Topic

In topic we have been exploring futuristic and impressionist art styles and have been talking about what colours, shapes and types of transports we could see within a range of paintings. We have also been creating our own unique versions inspired by both styles of art.

Storytime

This week we have been reading 'Basil Dreams Big' by Lu Fraser.
