

Class 8

17.4.26

Literacy

In literacy we have continued reading our story *Wind in the Willows* and have been identifying who, doing what, where and what like to write a newspaper article reporting on Mr Toad's caravan crash on the Open Road.

Numeracy

In Numeracy some of us have been working on mass and volume. We have been:

- ◆ Identifying heavier and lighter
- ◆ Measuring mass
- ◆ Comparing mass

Some of us have been working on fractions and have been:

- ◆ Recognising and using equivalent fractions on a number line

Topic

This week we have started our new topic 'Green Fingers' and have been reading and following instructions to plant our own sunflower seed. Over the coming weeks, we are excited to look at them and talk about how our plants are growing and changing. We have also explored real flowers more closely by dissecting them and identifying their different parts. We labelled the features such as stem, leaves, flower etc. and listened to information about the important roles each part plays in helping a plant grow and survive.

Storytime

This week we have been reading 'Winnie's New Computer' by Valerie Thomas.
