

Badgers

Newsletter

24.4.26

Badgers have been busy gardening this week, planting pansies, watering the plants and recording their bean growing in their bean diary. In Maths they have made pictures of insects using the 2D shapes and have named them all. Some children have described how many sides and corners they have. In Phonics we have been consolidating the sounds s, a and this week we have been learning all about t and how to form it. The children continue to enjoy their child-initiated learning and happily access the learning tasks inside and out in the garden. Well done Badgers :) Enjoy your weekend, Mrs Jeffries and Badger's Class Team.
