Otter Class

Weekly Newsletter

A big thank you to all parents and caregivers for your engagement with Parents Evening this week – I hope you all enjoyed seeing and hearing about what your children have been up to this half term & how they are getting on.

This week, as part of the children's Enrichment in school, we have been celebrating Black History by finding out about black people which have had big dreams and ideas to change the world! We looked at artwork by Jean-Michel Basquiat, travelled into space reading the book "Look Up!" by Nathan Bryon and looked at the first black woman on the moon - Mae Jemison. The children also enjoyed activities in the hall on Monday provided by the Telford African and Afro-Caribbean Resource Centre.

In Literacy, the children looked at following instructions to make moon dough. In Numeracy, we have done lots of practical activities around pattern recognition and pattern making.

After Half-Term

We shall be starting our new class text – but we shall keep it as a surprise for now!
In Numeracy, we shall be looking at counting and number recognition.

A great week Otter Class and a fantastic first half term in school – Well done!
Have a safe & happy half term everybody.
From all the staff in Otter Class 😊
