

Class 4!

In my topic this week Class 4 have been using rice and cornflakes to make different noises. Class 4 have used cups and different instruments to listen to the sounds the rice and cornflakes make when being transferred from different cups and being dropped from different heights.

During outdoor school this week the children were asked to tell the adults what they can hear. The children sat for 30 seconds and listed some great ideas, our favourite

was 'I can hear the whistle from the trees.'

In Play and Leisure this week, we were again building train tracks working on our fine motor skills and driving cars around our car tracks! The children loved doing this outside, making our track as long as possible working with our peers as a team!

In My Wellbeing we had the chance to 'dress up'. We all got involved and tried on various different items of clothing and material and came up with some super adjectives to describe materials and were able to say whether we liked or disliked the item of clothing.

Within Targets this week, many of our children have gone on to new targets which is wonderful to see. They are challenging themselves daily.

We hope you have a lovely weekend and see you on Monday!
