2.5.25

We hope you have had a lovely Easter holiday. The children have all settled back into school routines really well. Our new topic is called, The Ugly Bug Ball. The children have been busy watering our plants and looking for bugs in the outside area. The children enjoyed an 'Attention Autism' session about the dandelion life-cycle and then we went looking for dandelions and had fun blowing their seeds.

Mrs Jeffries and Badger's Class Team.
