

Class 12

2.5.25

Literacy

In Literacy this week we have started our new text by Roald Dahl - George's Marvellous Medicine.

The children have been describing George's

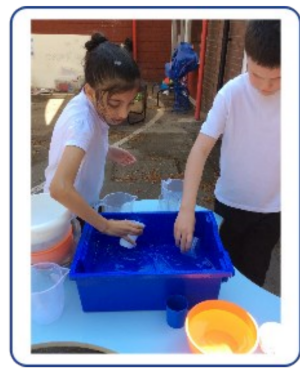

ghastly Grandma using interesting adjectives.

They then wrote diary entries imagining they were George coming up with a marvellous plan.

Numeracy

In Numeracy this week we have been looking at measuring capacity. The children have really enjoyed engaging in their learning outside in the lovely weather!

Topic

We have started our new Topic this week - Bright Sparks! We will be learning all about electricity: safety, circuits, conductors and insulators, renewable sources and history.

Topic

We started the topic by thinking about what we already know about electricity including what it is, where it comes from and what happens if there is no electricity.

The children then looked around the school environment to identify objects that use electricity and where the electricity comes from.

Don't forget!

Monday 5th May: Bank Holiday (children not in school)

Tuesday 6th May: Children return to school

ENJOY THE
LONG
WEEKEND!
