

Children have really enjoyed a fast-food role play area this week. We have had burger and chips orders galore! Other activities in Sensory Explore have included red lentil and cornflour, foam, cereal and deconstructed trifles with jelly, custard, cream and sprinkles.

In Music we are thinking about tempo. The children really enjoyed doing dancing that started slow and got faster as well as playing instruments fast and slow.

We have had a great time with the sand and water in Play and Leisure. It has been lovely in the shade playing with the water and watching the patterns it makes when we banged the tuff tray.

Children had a wonderful time at a lovely warm sunny outdoor school yesterday. Children did some lovely ribbon dances, made some 'cakes' after reading a muffin book and followed wooden trails around the area.

Children have continued to name our external body parts in 'My Relationships' this week. They really enjoyed the songs and finding and placing facial and body parts to make bodies.
