

Children have continued to enjoy the fast-food role play area this week. Other activities in Sensory Explore have included moon dough, bubbles, dinosaurs in ice, foam and cornflour.

We have had a great time dressing up in Play and Leisure. Children enjoyed dressing up as a dog as well as trying on all sorts of hats. They thought it was great to see themselves projected in real time on the interactive white board.

As part of topic, we used the computers to match the names of fruit and vegetables to their pictures and in My Art this week we started weaving materials and poking them through holes in boxes. The children really enjoyed this activity.

At outdoor school we made tape bracelets (and in some cases anklets) which we stuck things we liked to. There were lots of grass and leaves used as well as a few buttercups and daisies. Children used the ribbons again and this time they enjoyed using them together.

Children looked at pictures of boys and girls in 'My Relationships' this week and thought about how we know if it is a boy or a girl. We also played a game on the board where we matched as many body parts to its name as we could. The children really enjoyed the competition of who could name the most in 2 minutes.
