

# Newsletter 6th June 2025 Class 3

and also thought about

This week in Literacy we have been reading the story of 'Whatever Next'. The children were able to sequence the story

what food they would take on a picnic and

they then created a list of all these foods.

The children have also really enjoyed acting out the story using all of the props. In our topic lesson we also used the same book as our inspiration.

This time our focus was on design and technology.

The children made a paper rocket and used a pipette attached to it and a straw and a lot of 'puff' to blow the rocket off the pipette and up in to the air. The children made a large and a small rocket and then compared which one was easier to fly. The children found that lying on the floor helped to get their rockets to fly better

In the outdoor school this week the children went on a scavenger hunt. They worked in pairs to find a tall tree, a small flower, a big leaf, a long twig and they had to show the adult to it could be ticked off the worksheet..
