

Class 8

6.6.25

Literacy

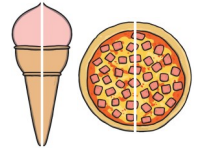

In literacy we have been exploring different props, images and sound effects to predict who, doing, what and where within our new story. From all of our clues we were excited to find out that our main character is a hedgehog. We have also been listening to facts about real hedgehogs and answering a range of questions. We also had lots of fun reading and following instructions to make clay hedgehogs.

Numeracy

In Numeracy some of us have been working on fractions and have been:

- ◆ Recognising half or quarter of an object or shape
- ◆ Recognising a quarter of an amount

Some of us have been working on time and have been:

- ◆ Telling the time to the hour
- ◆ Telling the time to 5 minutes

Topic

This week we have started our new topic The Magic Toymaker and have enjoyed playing with different toys, board games, constructing with Lego or wooden blocks and using a range of junk modelling materials to make new toys.

Storytime

This week we have been reading the story 'Cops and Robbers' by Janet and Alan Ahlberg.
