

## Topic

This week the children have started our new topic Scavengers and Settlers. The children have completed their knowledge harvest where they tell us what they already know about the topic and then they have completed our entry point. For our entry point the children thought about the uses of different shelters and created some Iron age food. The children worked together to create dens, build tents and cook Iron age griddle cakes. The children then went onto look at fossils. We learnt about what fossils are and how they are used to inform historians.

## Numeracy

This week in Numeracy the children have completed our focus on Mass and Weight. Next week the children will start to focus on fractions.

## Literacy

This week in literacy the children have started to read a new book. We have been reading George's Marvellous Medicine. This week the children have been learning to describe Grandma and her thoughts and actions. We have also been creating and describing the reason that Grandma turned grumpy. We will continue this focus next week.

## Story Time

This week the children have been listening Esio Trot by Roald Dahl.

P.E is on a Monday and Friday.

Homework is Reading, Spellings and Numeracy.
