

# Class 1

*This week in Class 1 we have continued with our story 'Beegu' which explores an alien who lands on Earth. We have compared different places around the world including the beach, the city, the countryside and the arctic. The children have also used the Ipad to take photos of key places around the school to show to Beegu.*

*Beegu visited a playground in the story, so we have used colourful semantics to describe what is happening at the park! We have described who, doing and what.*

*In PSHE this week, we have thought about who our friends are and what we like about them. The children used words such as kind, helpful and funny to describe their friends.*
