

Class 2 News

This week Class 2 had lots of fun at our sports day afternoon! Everybody tried so hard and enjoyed lots of different games using all the skills we have been learning in PE this year. Everybody showed lots of perseverance and kept on going even though it was super sunny!

In class we have been busy investigating balloon power in topic and made some balloon rockets that could whizz along a string just with a bit of huff and puff! In numeracy we have been learning more about patterns and positions and in literacy have been enjoying the story of Whatever Next! about a Baby Bear who goes to the moon in his very own rocket.

Great work Class 2, we are so proud of you! Love, Mrs Shannon and the Class 2 team x
