

20.6.2025

Class 11

In literacy we have carried on reading Stone Age boy and we have been trying to put ourselves into the shoes of the characters with lots of drama activities, we are pretty sure we would be quite scared and excited to travel back in time!

In numeracy we have been looking at capacity, thinking about the terms full and empty. We were using non standard measures to compare the capacity of different containers. We were shocked by how much more some could hold than we predicted and by the containers that had the same capacity but looked very different.

It was so great to see so many of our families at Sports afternoon and we really enjoyed having a go at all of the different activities, thank you for coming to support us all.

In story time we read kind hands don't hurt by Maureen Badu, we linked this to our feelings work from zones of regulation.
