

## News from the Hollinswood Hub: 20<sup>th</sup> June 2025

Hello again, and welcome to another week of news from the hub. In between all our hard work this week, we have been finding the time to enjoy the sunshine too! It looks like summer is finally here.

Maths

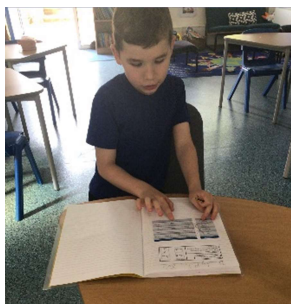

## Maths

In Maths this week, we have started our new topic on *Time*. Over the next couple of weeks, we will be learning lots of facts about time such as the number of seconds in a minute, minutes in an hour, days in a week and months in a year. We will also be using clocks to help us to tell the time more accurately. Please encourage your child to tell you the time regularly at home too to help them practise what they have learnt in school.

Literacy

## Literacy

In Literacy, we have been looking at the technical vocabulary used in explanation texts. We have created a glossary of key words we will be able to use in our own writing.

## Sports Day

Everyone had a fantastic day at Sports Day this week. The children were all fabulous in their races and events and were great at cheering each other on too.

Thank you to all of those of you who were able to join us for our sunny, sporty morning. I know the children loved having you there.

## Picture News

In our Picture News session this week, we found out about the South Korean band Big Ocean who, despite having limited hearing, produce amazing pop music. After learning about the band, we explored some of the ways in which people with sensory difficulties communicate. We practised a few Makaton signs and then we used peg boards to read and write our names in Braille.

We will be back with more exciting news soon.
