

Class 4!

Class 4 did amazingly in Sports Day on Wednesday. They all tried their best in all of the activities and transitioned so well to and from the MUGA. They were so pleased to see their parents and put on a great performance for them!

Class 4 have also been learning how to safely plug and unplug a toaster which they all completed and enjoyed doing. Not only are they super cooks, they also displayed they can do it safely!

Through Play and Leisure this week Class 4 have been trying on different outfits, expressing different ideas linking to our wellbeing lessons looking at boys and girls.

In Outdoor school this week, we made a treasure hunt with different vegetables for the children to find linking to our topic. The children all engaged extremely well and used language linking to vegetables which was lovely to see.

We are all so proud of how the children have conducted themselves this week in the very hot weather! Have a lovely weekend and see you all on Monday. 😊
