

## Class 4!

Class 4 have really enjoyed our 'My Relationship' lesson this week looking at how the body changes overtime. We looked at babies, what they can and can't do and the elderly, what they can and can't do. Our children engaged in these lessons so well!

In Outdoor School, we had a treasure hunt where Class 4 had to find pictures of babies, children, teenagers, adults and elderly people. The children had to group them which they all did amazingly!

In Target Time, Class 4 all engaged really well this week. They demonstrated skills they have learnt previously knowing language such as 'more or less'.

In Literacy this week, we have looked at a book called 'The Brave Banana'. The children were able to use super describing words to explain how the Banana looked. Class 4 have designed some amazing flags and hats ready for The Great British Picnic which they are all so excited about!

Have a lovely weekend and see you all on Monday! 😊
