

Class 14

3.10.25

Literacy

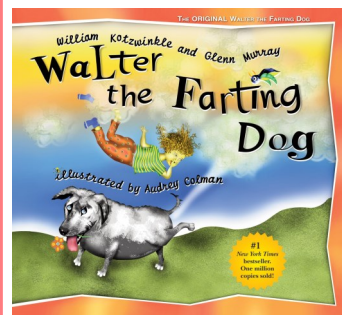

We have started looking at a Greek myth this week - Theseus and the Minotaur. The children have designed their own mythical creatures on BusyThings and drawn a picture of the Minotaur following a draw along.

Topic

This week in Topic we have been learning about the heart. The children learnt about what the heart does, where it is in the body and what is near it, what bones protect it and what effect exercise has on your heart beat.

They then took part in their own investigation to see the effect of exercise on their heartbeats by measuring their heart rate whilst sat down and then after exercise.

Story Time

Numeracy

The children have been recalling their prior learning in Numeracy this week as we have started a new aspect - Addition and Subtraction.

Don't forget!

Wednesday 8th October: Year 6 trip to Cosford

Friday 10th October: Harvest assemblies
