

This week children loved their time at Outdoor School. We were all covered in mud and pumpkin juice but we had a great time doing it. The teddy friends had several mud baths too before we attempted to wash them clean. We were fortunate to be donated a couple of pumpkins from Tesco and the children had a great time exploring them both inside and out. At the end of the session we watched as they fizzed with vinegar and bicarb. This afternoon in class children painted and decorated the pumpkins before cutting them up at the end of the day.

At the beginning of the week children had a cooking session as part of our numeracy lessons. We made our favourite biscuits and focused on the size and weight of items we used and the size of the biscuits we made. The children are getting very good at listening to the instructions and they loved eating one that afternoon and then again at Outdoor School.

In Topic we have started to think about our senses. We will continue to do some more work on senses at the start of next half term.

It is Harmione's birthday in half term and all the children were excited to receive a fidget toy from her today. We hope you have a great Birthday!
