

Badgers

Newsletter

7.11.25

Badgers have settled back into school this week after half-term and they have been busy learning about Remembrance Day where they have watched a short video in our assembly today and they have all made some handprints to make a beautiful class wreath. They have loved making firework pictures splatting the paint outside, mark making fireworks in glitter and foam. In Maths they have made rockets using the 2D shapes and used visual supports to learn the name of the shapes. They are enjoying our new story, Owl Babies and using the story props to retell the story.

Have a lovely weekend, Mrs Jeffries and Badger's Class Team.
