November

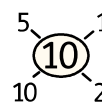

In Literacy this week we have started our topic on traditional tales beginning with Cinderella, we have read the story, discussed features and characters, written using verbs and adverbs, watched a clip of the pantomime and explored the story through drama.

Next week we will read 'The Egyptian Cinderella.'

In Maths this week we have continued our topic on Multiplication & division, group 1 have used arrays to support our understanding, and group 2 have learnt

more about multiples and factors.

We celebrated Bonfire night on Wednesday learning the story of Guy Fawkes, discussing firework safety and having fun with sparklers! On Thursday we enjoyed forest school with a warm fire and yummy sausages!

We started our new topic this week, 'The Earth, our home' where we shall be travelling around the world looking at different types of habitats. We had fun in our first lesson finding out what we already knew about Earth and all the places we have been or would like to visit, We discussed what we already know about different continents and countries and what we would like to learn.
