

Newsletter 7th November 2025 Class 3

It was lovely to welcome all the children back to school after their October break!

This week the children have enjoyed making poppy wreaths with craft paper and foam, practising their cutting and sticking. They came together as a group to draw their own poppy on the whiteboard.

We have explored fireworks and the children have really enjoyed drawing, colouring and making their own firework pictures! We watched some fireworks on the whiteboard and they loved seeing all the bright colours!

We learnt how raindrops are formed and enjoyed creating our own rain drops with coloured water.

We all enjoyed some cosmic kids yoga this week in the classroom, they did really well at following the instructions and we had lots of happy faces!

Please remember to send a P.E kit back into school if you haven't already so we can continue doing lots of fun activities in P.E.

Thank you!
