Class 11

This week in class 11 we have been working on our fine motor skills, cutting skills and pencil control. We have explored lots of sensory activities to support us. We have finished off our work on Monkey Puzzle, ordering the story and having a treasure hunt to track down the baby animals from the book in outdoor school. We made our own play dough and slime. We made jam sandwiches and travelled to space in our art lesson with Mrs Johnson. We have tried to get outside as much as possible and we have really enjoyed playing with our friends. Staff are so pleased to see some lovely new friendships forming in class 11. We have been looking at recognising different emotions in our well-being and zones of regulation lessons and we made our own faces with natural materials.
