

Newsletter 28th November 2025 Class 3

We have been very busy this week in class 3.

We listened to a story called 'Barry the Fish with Fingers'. We then made our own fish and decorated it using coloured paper. We also explored the ocean animals in sand and in water.

In Art, we learnt about New York. We did some apple printing, decorated a taxi using yellow paper, coloured in pictures of the Statue of Liberty and built our own New York City with wooden blocks.

We also had the soil out and enjoyed filling up the pots and digging with the trowels.

The children also enjoyed dressing up with the dressing up clothes this week and enjoyed pretending to be different characters.

We hope you have a lovely weekend.
