Storytime

This week we have been reading 'The Christmas Show' by Rebecca Patterson.

Christmas Dinner!

Children had lots of fun eating their special Christmas dinner with all their friends and teachers. They enjoyed pulling crackers and listening to Christmas music.

Literacy

This week, we finished reading 'Beauty and the Beast'. Children enjoyed making their own magic mirror and choosing what they would like to see in it. Once we had read the end of the book, we looked at images and put them in the correct order to retell the story. We ended the week with a trip to our 'Class 7 Cinema', where children were given tickets to watch the film of 'Beauty and the Beast', and even enjoyed some popcorn, juice, and cupcakes! The children loved watching the film and could talk about the parts that they remembered from our Literacy lessons this term.

Topic

This week, we finished our topic 'What's it Made Of?'. Our focus in our final lesson was Design and Technology, so the children were given the task of designing and making a Christmas decoration made from wood. Children thought carefully about their design and chose to make a reindeer or a tree, and what colours and decorative materials they would use. Then children glued the wooden lolly sticks, painted them, and added pompoms, sequins and pipe cleaners. They are all very excited to bring them home to hang on their tree!
