### Numeracy

This week we have moved on to learn about Place Value through a range of practical activities. Children have been learning to:

- Find one more
- Partition numbers into tens and ones
- Count up to 10, 20, 50, and 100.

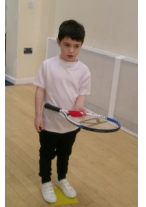

### Literacy

This week we read on the fable, 'The Boy Who Cried Wolf'. Children described the wolf from the story and practised their segmenting skills to spell words from the story. Children also enjoyed following instructions to make a wolf puppet.

### PE

Class 7 have been working well in PE to develop their skills using a tennis racket. Children have practised balancing beanbags on their rackets and hitting a beanbag to a partner.

### Topic

In our Topic, 'From A to B', this week we learned about boats. Children learned about different types of boats and what they are used for. We created fact files about boats, and children also enjoyed junk modelling to make their own boats. They then tested these out in water and explored boats through play.

### Storytime

This week we have been reading 'My Path' by Jana Curll.
