

This week our learning has been focused on dental hygiene. We have been learning how to look after our teeth to help the Selfish Crocodile in our literacy story. We have made him a tooth brush in Outdoor school and learned about foods which help to keep our teeth nice and healthy in our topic lesson.

In Numeracy we have all been busy exploring the concept of odd and even numbers and have been enjoying using Numicon to help us see that odd numbers always have 1 left over.

In our creative and sensory session this week we have used clay to make model crocodiles and mice making sausage shapes and ball shapes. When they are nice and dry we will paint them and bring them home to show you!

Well done everybody, have a great weekend, Mrs Shannon and the Class 2 team xx
