

Newsletter 6.2.26 Class 3

Class 3 have been learning all about plants this week. We looked at the parts of a plant and could label them on our own plant pictures. We enjoyed cutting and sticking the parts of the plant and smelling the real flowers. We hope the flowers got home in one piece!

Today it is Number Day and we have done lots of fun number activities.

The children enjoyed finding the numbered shells in the sand, they matched the cars to the correct car park space, did some number blocks counting work, number jigsaws, listened to number songs and enjoyed rolling a dice in circle time.

We hope you have a lovely weekend. From the class 3 team.
