

Newsletter 13th February Class 3

Love is in the air in class 3 this week!

We've been learning about Valentine's Day and getting creative making heart shaped play doh biscuits, printing heart shapes with paint, drawing hearts with chalk and even counting hearts in numeracy.

We also made banana and chocolate chip cookies, played wooden instruments in music and enjoyed some calming kids yoga.

The team are really proud of the children, especially coping with staff changes due to illness and the Church visit being cancelled so as a reward we had a celebration this afternoon. We played some party games, had a dance and a few snacks to start off the half term.

We hope you have a wonderful week.

From the class 3 team.
