

4-1

Class 5

Newsletter

This week children have enjoyed painting, colouring, play-doh, and exploring red chinese envelopes in sensory explore. They have painted different symbols associated with the chinese new year.

Within topic and literacy children have listened to the story of how the chinese zodiac was named, made collaged chinese lanterns and produced some fantastic hand printed dragon pictures. The chinese new year theme was also within numeracy where the children completed Numicon dragon pictures. They all looked fantastic!

In PE the children were very good at playing basket ball on the MUGA. They tried really hard to get the balls through the basketball hoop.

In cooking we decorated rice cakes with chinese writing. The children really enjoyed making the icing, writing and finally eating their completed work!

We would like to wish a member of the class all the best as they move house and start a new chapter in a new school - We will miss you!

Information

Unfortunately class 5 were unable to swim this week. The children coped really well with hearing the news and we are all very proud of them. Swimming sessions will begin next week - Wednesday 4th March. Can you please send your child with their named swimming kit and a towel.

Outdoor School has also started again and a change of clothes is appreciated.
