

Welcome back to the Summer Term everyone!

We were so pleased to see everyone after the holidays and cannot wait to have lots of fun in class 11 this term. This week we have settled back in really well. We have explored lots of different sensory textures exploring what happens when we add more water to different things like jelly and sand and Weetabix. We explored if we could change the consistency by adding more dry substances we made some great observations. In our topic lessons we have been using our senses outside and learning about the woodlands before our trip on Monday. We have enjoyed our drumming session and learning all about goats and their eating habits in our literacy lessons. Please remember we need clothes we can get dirty on the bottom and school uniform tops and a coat and wellies / old trainers on Monday ready to have lots of fun.
