Class 1 News

Can you believe we are in May– we can't ! Outside, we have been using different types of blocks to build towers and areas for the animals to play in. We have seen some wonderful roleplay ideas from the children including some amazing animal noises being made! Inside, we have been following instructions as we have planted beans. We are looking after them well, remembering to water them everyday and crossing our fingers that soon we will see a stem appearing!

Just a quick reminder– please order your child's lunch choices online. Also, please send in the suncream consent along with the cream and a hat, if you haven't yet.

Have a fantastic long weekend!

Mrs Ratcliffe, Mrs Cox and Class 1 Team
