

## Topic

This week in topic the children have continued our treasure topic. The children have been creating treasure for our museum at the end of this half term. The children have been using clay to create jewellery and have used cardboard to create treasure that we saw in the Shrewsbury Museum last week. Next week the children will complete their treasure and start to learn about the Treasures of the teachers.

## Numeracy

This week in Numeracy the children have completed their focus on measuring length and height.

Next week we will start to measure capacity volume and mass.

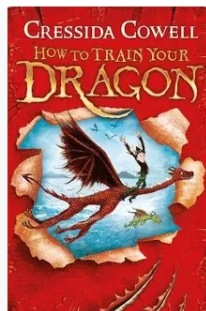

## Literacy

This week in Literacy the children completed our focus on Treasure Island. The children have finished watching the animated version of the story and have created their own animations, retelling the story and creating alternative endings. The children also used the Symwriter program to describe the main characters from the story. Next week we will be working on the presentation for our museum.

## Story Time

This week in story time the children have been listening to How to Train your Dragon by Cressida Cowell.

# Swimming is on Wednesday

# Have a great weekend
