

This week in Literacy, we began our exciting new book *Chicken vs Egg*, which links beautifully to our topic on the life cycle of a hen. The children have loved exploring the big question of who came first, the chicken or the egg. They also followed colourful semantics instructions to make their very own chickens. This was a big hit, and many children proudly played with their creations during their own playtime.

In Topic, we have been learning all about the life cycle of a chicken. The children had great fun building nests and rolling eggs in paint to create some wonderful artwork. It has been a busy, creative week full of curiosity and hands-on learning.

Have a lovely weekend,

Mrs Clarke and the class 9 team. 😊
