Class 3 News

This week has been full of exciting learning and fun activities across the curriculum!

In Literacy, the children have continued reading Yucky Worms, building on their knowledge of these fascinating creatures. They explored a worm's environment in more detail, learning how worms live underground and help keep soil healthy. The children showed great curiosity and enthusiasm during discussions and activities.

In P.E., we have been practising our sports day events. The children worked hard on developing their coordination, teamwork and confidence, and they are very excited for the big day.

In Cooking, the children had a wonderful time making pancakes. They followed instructions carefully and enjoyed developing their independence while creating a tasty treat.

Well done to everyone for a fantastic week of learning!
