

Badgers have had a great week, helping to tidy up the garden and watering the sunflowers and beans. We have lots of bean pods and flower heads ready to open up on the sunflowers. We are going to cook some beans next week and eat them. Our butterflies have hatched out of their cocoons and we have let them go. It was so wonderful to see them flying away. The children have enjoyed learning all about plants and insects with this topic and all about life-cycles. Well done Badgers :) Enjoy your weekend, Mrs Jeffries and Badger's Class Team.
