Outdoor school

This week the children enjoyed creating nature pictures. They looked for natural resources in the outdoor area and then used them to create self portraits.

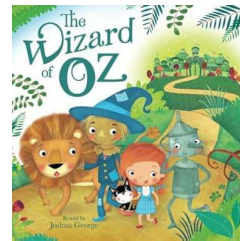

Numeracy

This week we have been learning about money. We looked at different coins and learned about their value. Children enjoyed role playing their own shops and using the coins to 'buy' items of different amounts.

Literacy

This week we continued reading 'The Wizard of Oz' and we met the tin man and the lion in the story. Children labelled the tin man and used their phonics knowledge to spell the different body parts. They also created lion paintings by printing with forks.

Topic

This week in our Topic, 'Seeing the Light', we learned about nocturnal animals. We looked at the different animals that are active at night and children sorted a range of animals by which ones were nocturnal.

Storytime

This week we have been reading 'See You Later Alligator' by Sally Hopgood.
