

Butterflies have had another super week and are enjoying playing alongside each other, responding well to our visuals, learning to use some Makaton signs and are sitting beautifully in the circle. They are joining in with Calmbrain and thoroughly enjoying listening to the story, Brown Bear, Brown Bear What Do You See? This story is also on Youtube as a song which you may like to share with your child at home. We are learning the Makaton signs to go with the story too. They are also taking part well in our social snack-time communicating what they want. Enjoy your weekend, Mrs Jeffries and Butterflies' Class Team.
