Music

We had an amazing Music session with Abbie on Wednesday. She brought her guitar and instruments for the children and we sang songs and played music all about volcanoes and earthquakes.

Numeracy

In Numeracy this week we have continued our work on Place Value by playing games that involve counting within 100 and recognising

tens and ones. We have also been working on our teamwork and sharing.

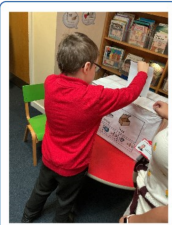

Election

Day

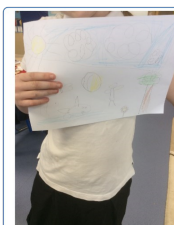

On Friday we held our first Election Day! All children in school were invited to volunteer to represent their class for either School Council, Planet

Champions or Online Safety Champions. They then voted for who they wanted to represent their class for each role.

R.E.

We had our first Celebration Day on Friday where we learnt about the Christian Creation story and how Christians believe that God created the world in 7 days. We also thought about whether God wants Christians to look after the world and whether people are doing this.

Reminders!

Mondays and Tuesdays: PE lesson and Shropshire Cricket lesson
