

02.10.26

This week it was 'Recycling Week' at Haughton. Over the week we set up a range of recycling themed activities for the children to engage in, such as sensory play with shredded paper, using fine motor skills to sort materials, as well as junk modelling and creative play with items from our recycling box. We have continued to explore the topic of 'Senses' through the story 'Ketchup on Your Cornflakes'. We focused on sequencing steps to make a bowl of cornflakes. On Tuesday we had a special Yoga session where many of the children joined in, following the steps led by our visiting Yoga teacher. In Outdoor School, the rain didn't stop us and we enjoyed exploring the area, playing in the Autumn leaves, and making shelters. Last Friday we also voted for Alfie to be our school council representative, well done Alfie!

Well done for another fantastic week Ladybirds. See you on Monday!
